

# May Madness Information Sheet

## Total Points Pool

Attached to this sheet are the markers which need to be attached to your bump board. These markers need to be visible in the bump board picture of any fish submitted as an entry.

Two pictures of fish entered in the total points pool need to be sent via text with the angler's name, length of the fish, time caught with a bump board picture and then a picture of the angler holding the fish. All fish entry texts must be received by the tournament directors by 6:00 pm the day of the tournament. Here is an example of how the fish should be positioned on the board with the markers visible:

Send all texts to both of these numbers:

**John Ringenbach 216-406-1412**

**And**

**Tim Smith 330-383-4401**

We recommend you add both names to your contact list to make the process easier.

Tournament Hours

7:30 am to 6:00 pm

Final results will be announced at the Old Marina Boat ramp
